INDIAN SCHOOLS ALUMNI AND FRIENDS NEWSLETTER

INSAF REACHES SECOND HIGHEST PROJECT GRANTS TOTAL IN 2023; INSAF TO CEASE REGULAR OPERATIONS AT END OF 2026

INSAF had its 2nd best year for project efforts in the Year 2023, beating the project effort from 2022, which itself was the 2nd highest then in INSAF's 50+ year history. Congratulations to all the donors and the Project Leaders for this achievement.

The total project effort in 2023 was \$420,490. It was 393,018 in 2022, and \$477,945 in 2021. It was a 7% increase in 2023 from the Year 2022 (Ref. Page 3).

Page 5 has our "Project Honor Roll" for 2023, which shows the grants for specific projects. The *number* of projects which indicates "breadth" was 30, the highest end of the range of 20-30 in recent years. The *median* amount per project can be taken as an indicator of depth in a given year. The median dollars per project in Yr. 2023 was \$5,630, the highest ever, and over double that seen in recent years.

The near-record level of project support in 2023 was possible due to the exceptional leadership by all the Project Leaders and their friends and families. Notable during 2023 are: INSAF President Sh. Joginder Kundra, Sh. Anop/Chandra Vora, Sh. Ramesh Patel, and Sh. Suresh Patel. Their projects account for about 58% of the total project support.

Of course, each project is unique in how it makes a difference, and financial numbers provide only a partial perspective. For a qualitative perspective, please see this and other INSAF Newsletters to learn how our colleagues are giving back. Here are the types of causes our INSAF colleagues chose to support in 2023:

Generalized Description for Types of Projects Supported in 2023

- Support of eye care and eye surgeries for the poor
- Longer-term capacity building for aid for education, medical, or poverty relief
- Quality education for the rural or out-of-system youth
- Support for education of female children
- Support for nursing & other college education for students from poor families
- Pre-school education of children from disadvantaged families
- Support of women's self-help groups
- Community health and medical services

Apart from the celebration of the 50th anniversary, Years 2022-23 have also been notable for much introspection by the Leadership Team. As you know, INSAF is entirely volunteer run, and now most have reached an advanced age. Therefore, it has been decided that INSAF will cease operations at the end of 2026. Until then, the Team remains fully committed and enthusiastic. The entire membership can feel proud and satisfied with INSAF's 53-year history and accomplishments when the Yr. 2026 ends.

MANY THANKS IN APPRECIATION FOR PROJECT CONTRIBUTIONS

ONLINE AND MATCHING DONATIONS TO INSAF

One method which provides 100% of your donation for a project is by mailing a check as described on Page 7. An alternative is to donate via Paypal. At INSAFWEB.ORG, there is a tab labeled, "DONATE". On that tab, the drop down menu can take you to "Donate via Paypal". This can be done 24/7. The flip side is that Paypal will deduct a fee. Although the entire donation amount is tax-deductible, about 97.5% of the funds will be available for your project. Some employers have matching donation programs, either directly or through entities like Benevity. Please consider this if applicable in your case to double your donation and help the cause you wish to support.

Please consider donating to a cause close to your heart. See Page 7 for ideas.

Want to know about a Project Not Covered in this issue?

If you would like to see any particular project covered in the next issue of the Newsletter, please feel free to write to the Editor at INSAFUSA.OPERATIONS@INSAFWEB.ORG. A more complete list of projects active over the past 3 years can be seen on Page 8 of this Newsletter.

HELPING FUND FREE EYE OPERATIONS FOR THE POOR

In 2022 and 2023, Dr. Ashok & Ms. Usha Sachdev have sent \$1,250 each year to the Lions Club Charitable Eye Hospital, near Jalandhar, Punjab to help fund free eye operations for the needy.

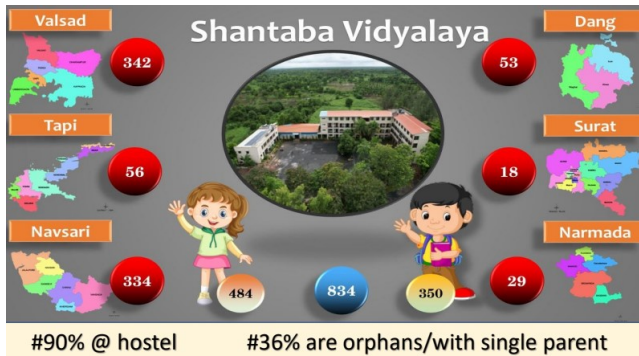

Photos show participants before and after the successful eye operations at an eye camp in November 2023.

Funding Helps Support Education at Shantaba School via Malvi Charitable Education Trust

With the leadership of Sh. Ramesh Patel, a major INSAF project is the support for education of poor and tribal children in Gujarat. In 2023, a total of \$41,350 was provided for this worthy cause to the Malvi Education & Charitable Trust (MECT).

One of the MECT projects is Shantaba Vidyalaya which has a presence in several districts of South Gujarat as shown in the map below. Near the end of 2023, the system served 834 students, 42% of whom were female.

Another initiative of MECT is named Vidyavan Learning Centers. There were 45 Vidyavan Learning Centers in two talukas of South Gujarat by the end of 2023, serving 1,240 primary school students in tribal areas. Each Center has the following features:

- Access for 2.5 hrs/day to 20-30 primary grade students
- Nutrition via a breakfast and evening snack
- Coaching via learning cards, games, digital tools, and practice in music and public speaking
- Special coaching on Sundays for government school entrance examinations

About \$10,000 of the funding provided to MECT was for Vidyavan Centers in the Vansda taluka, about 30 miles southeast of Navsari, Gujarat.

Another program, Project Safal, aims to teach skills to 5th-11th grade students in 7 skill areas. In the photo below, the students are learning how to grow vegetables.

Students at Children's Home Make Progress

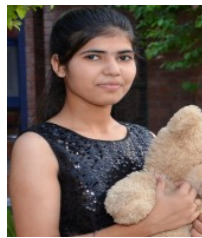

Five INSAF families (Kapur, Kundra, Lad, Sachdev, Sharma) have been supporting the education of children at the SOS Children's Village, Rajpura, Punjab. Two of our students, Bharti and Shalini, have graduated from college in 2019 and 2022, respectively. Here's an update on the current group of 6 students.

Shreya is in the 3rd Year of her Bachelor's in Education degree.

Bhawna is in the 1st Year of her Bachelor's in Vocational Studies in Information Technology and Networking.

Akanksha is in the 2nd Year of her GNM (General Nursing and Midwifery) Diploma.

Arshdeep is a 10th grade student.

Parambir is a 3rd grade student.

Amandeep is a 2nd grade student.

The support for these 6 children is being provided at \$2,130 per year.

30 PROJECTS IN 2023 PROJECT HONOR ROLL

Our Project Honor Roll for the year 2023 is presented on this page to share the specific projects and their respective funding. Congratulations to each of the contributors to these projects and the Project Leaders. We know that your efforts to "give back" will make a much needed difference.

Our collective total number of projects (an indication of breadth) was 30. Total projects have ranged in 20-30 in recent years. The projects spanned 14 states/territories of India, one more than last year. The median amount (an indication of depth) was \$5,630 — higher than the range of \$2,000 - 2,500 in recent years.

Photos and documents shared by Project Leaders via e-mail from the project site are really appreciated. Those not only help with the Newsletter, but such materials also fulfill a critical due diligence requirement. INSAF is registered with the IRS as a tax-exempt non-profit, so your contributions are fully tax deductible. Since INSAF is subject to an audit, such documents help document how, specifically, the funds were utilized by the recipient. Due diligence besides being an IRS requirement is also an INSAF goal. Thank you Project Leaders.

INSAF Donors Help Empower Nomadic and De-notified Communities in Gujarat

While the term nomadic is self-explanatory, the term “de-notified” may not be familiar to some. In 1871, the British government in India issued a law which “notified” a number of nomadic/tribal communities as “criminals” in total. All members were required to register with the local magistrate, failing which they could be arrested. Independent India repealed the act in 1949. On 31 Aug 1952, the “criminal tribes” were de-notified, and the day is celebrated by some as Liberation Day. A 2008 Indian government estimate puts the number of tribal and de-notified communities as having about 110 million people.

VSSM (Vicharta Samuday Samarthan Manch) is working for the empowerment of tribal and de-notified communities in Gujarat. From the INSAF side, the project to support VSSAM is led by Sh. Chandra Vora and supported by several donors. Total funding during 2022-2023 to support the work of VSSM has been \$9,692.

About \$3,900 has been for the school and food expenses of 8 children. The children, 6 girls and 2 boys, are students of 2nd grade to 9th grade, and all come from very poor families.

A major VSSM project is to improve the housing conditions for the community. In Phase 1, 50 of the 129 families are being helped in Diyodar, Bansankatha Dist.

Second Student “graduates” INSAF Supported Post-Matric Program; Two More Students added in 2023

Six INSAF families {Cariappa, Chokhani, Kundra, Lad, Paliwal, Sharma} have been supporting a Post-Matric program with Sodhana in A.P., which supports the college education of a few bright students after their 10th standard. In 2023, about \$3,475 was sent to support the program.

A total of 11 good students have entered the program. This includes two new 10th pass students added in 2023.

Pavani, who joined in 2023, is the daughter of a small farmer father and agricultural laborer mother. Both parents have studied up to the 5th Standard. [July 2023 photo]

Gnanesh, joined in 2023. Father is a 10th pass house painter. Mother is a 5th pass agricultural laborer. [July 2023 photo]

Jhansi, our very first student in the program, came from a poor family. Jhansi has finished her B.Sc. The photo shows Jhansi at her work at WIPRO in Coimbatore. [Nov. 2023 photo]

In Feb. 2024, we received the good news that Ms. Yamuna, who joined our program in 2021 and was now in her 1st year of the B.Sc. program, has been selected by Reddy Laboratories as a Technical Trainee. She will leave her college and start a 45-day training period in Hyderabad, Yamuna will then be posted at Devunipalavalasa, A.P. for a yet undefined duration.

Yamuna [2021 photo]

Ms. Yamuna will be paid about Rs. 14,500/month and thus, she becomes the 2nd student after Ms. Jhansi to “graduate” from our program and become self-sufficient. Reddy Labs have verbally told Yamuna that they will help her complete her B.Sc.

The INSAF Team plans to do what it can to ensure sufficient funding so that the remaining students already in the program will be able to become financially self-sufficient in due course of time.
